

Dear Member,

Your health is our top priority. That's why we wanted to share one of the ways the Inflation Reduction Act that passed in August 2022 could benefit you as a CDPHP® Medicare Advantage member.

Beginning April 1, 2023, the amount you pay for certain Part B drugs may be less than 20%, resulting in potential cost savings for you.

The Centers for Medicare and Medicaid Services (CMS) will review the list of Part B drugs and payment amounts on a quarterly basis. That means how much you pay could change each quarter, but that amount will never be more than 20%.

Thank you for being a CDPHP Medicare Advantage member. If you have questions, please call the number on your member ID card.

Sincerely,

A handwritten signature in black ink that reads "Alicia Kelley". The signature is written in a cursive style.
