

Rx for Less

Medications for as Low as a Penny a Pill

With Rx for Less, CDPHP® Medicare Advantage members with prescription coverage can get significant discounts on specified generic drugs when purchased at preferred pharmacies, including: ConnectRx, Hannaford, Market 32, Price Chopper, RiteAid, Stop & Shop, ShopRite, Walgreens, Walmart, and multiple independent pharmacies. For more details, go to cdphp.com/save.

There’s never a sign-up process or registration fee, so the program is free and easy to use. Members simply present their CDPHP ID card when purchasing their prescription.

Plus, by purchasing your medications at these stores, both your costs and our costs (the combined amount that applies toward your Initial Coverage Limit [ICL]) will remain lower. That means your Part D dollars will go further and you’ll stay out of the coverage gap longer.
