2024 Formulary

(List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 00024471, Version Number 11.

This formulary was updated on 2/2/2024. For more recent information or other questions, please contact the Pharmacy Customer Care Center at 1-866-289-2319. TTY users should call 711. A representative is available 24 hours a day, seven days a week. Or, visit <http://www.cdphp.com>.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means CDPHP. When it refers to “plan” or “our plan,” it means CDPHP Medicare Advantage Drug Plans.

This document includes a list of the drugs (formulary) for our plan which is current as of 2/2/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the CDPHP Medicare Advantage Drug Plans Formulary?

A formulary is a list of covered drugs selected by CDPHP Medicare Advantage Drug Plans in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. CDPHP Medicare Advantage Drug Plans will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a CDPHP Medicare Advantage Drug Plans network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- ▶ **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the CDPHP Medicare Advantage Drug Plan Formulary?”

- ▶ **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- ▶ **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to the market to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the CDPHP Medicare Advantage Drug Plan Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes.

The enclosed formulary is current as of 2/2/2024. To get updated information about the drugs covered by CDPHP Medicare Advantage Drug Plans, please contact us. Our contact information appears on the front and back cover pages.

If we make changes to the formulary during the coverage year, you can download the updated document from our website at <http://www.cdphp.com> or call the Pharmacy Customer Care Center to request a copy. Throughout the year, we also post a cumulative Notice of Formulary Updates on our website. You can download a copy online, or call member services and we'll mail you one.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 9. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, CARDIOVASCULAR. If you know what your drug is used for, look for the category name in the list that begins on page 9. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 121. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

CDPHP Medicare Advantage Drug Plans covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- ▶ **Prior Authorization:** CDPHP Medicare Advantage Drug Plans requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from CDPHP Medicare Advantage Drug Plans before you fill your prescriptions. If you don't get approval, CDPHP Medicare Advantage Drug Plans may not cover the drug.

-
- ▶ **Quantity Limits:** For certain drugs, CDPHP Medicare Advantage Drug Plans limit the amount of the drug that CDPHP Medicare Advantage Drug Plans will cover. For example, CDPHP Medicare Advantage Drug Plans provides 30 tabs in 30 days per prescription for FARXIGA. This may be in addition to a standard one-month or three-month supply.
 - ▶ **Step Therapy:** In some cases, CDPHP Medicare Advantage Drug Plans requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, CDPHP Medicare Advantage Drug Plans may not cover Drug B unless you try Drug A first. If Drug A does not work for you, CDPHP Medicare Advantage Drug Plans will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 9. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask CDPHP Medicare Advantage Drug Plans to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the CDPHP Medicare Advantage Drug Plans formulary?” on page 5 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact the Pharmacy Customer Care Center and ask if your drug is covered.

If you learn that CDPHP Medicare Advantage Drug Plans does not cover your drug, you have two options:

- ▶ You can ask the Pharmacy Customer Care Center for a list of similar drugs that are covered by CDPHP Medicare Advantage Drug Plans. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by CDPHP Medicare Advantage Drug Plans.
- ▶ You can ask CDPHP Medicare Advantage Drug Plans to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the CDPHP Medicare Advantage Drug Plans’ Formulary?

You can ask CDPHP Medicare Advantage Drug Plans to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- ▶ You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- ▶ You can ask us to cover a formulary drug at a lower cost-sharing level, unless the drug is on the specialty tier. If approved this would lower the amount you must pay for your drug.

-
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, CDPHP Medicare Advantage Drug Plans limit the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, CDPHP Medicare Advantage Drug Plans will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering, or utilization restriction exception. **When you request a formulary, tiering, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Members residing in a long-term care facility and members who experience an unplanned change in level of care will be granted a one-time override so they can continue to receive their medication while a formulary exception request is processed. The pharmacy filling the prescription is responsible for obtaining the override from our plan.

CDPHP Medicare Advantage Drug Plans' Formulary

The formulary that begins on page 9 provides coverage information about the drugs covered by CDPHP Medicare Advantage Drug Plans. If you have trouble finding your drug in the list, turn to the Index that begins on page 121.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., FARXIGA) and generic drugs are listed in lower-case italics (e.g., *ibuprofen*).

The information in the Requirements/Limits column tells you if CDPHP Medicare Advantage Drug Plans has any special requirements for coverage of your drug.

PA = Prior Authorization

QL = Quantity Limits (Specific quantity limits are listed in the Requirements/Limits column of the drug chart.)

Part B vs D Determination = This prescription drug may be covered under our medical benefit. For more information, please contact the Pharmacy Customer Care Center at 1-866-289-2319. TTY users should call 711. A representative is available 24 hours a day, seven days a week.

ST = Step Therapy

LA = This prescription may be available only at certain pharmacies. For more information consult our *Pharmacy Directory* or call the Pharmacy Customer Care Center at 1-866-289-2319. TTY users should call 711. A representative is available 24 hours a day, seven days a week.

* = Additional information for that prescription

Initial Coverage Period Copayments

Please refer to your Evidence of Coverage and Rider for Group Medicare Pharmacy Coverage or Rider for Group Medicare Enhanced Pharmacy Coverage for your plan's specific copayments and payment information.

Discrimination is Against the Law

Capital District Physicians' Health Plan, Inc., CDPHP Universal Benefits, Inc., and Capital District Physicians' Healthcare Network, Inc. (collectively referred to as CDPHP®) comply with applicable federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, or sex. CDPHP does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

CDPHP:

- ▶ Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - » Qualified sign language interpreters
 - » Written information in other formats (large print, audio, accessible electronic formats, other formats)
- ▶ Provides free language services to people whose primary language is not English, such as:
 - » Qualified interpreters
 - » Information written in other languages

If you need these services, contact the CDPHP Civil Rights Coordinator.

If you believe that CDPHP has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: CDPHP Civil Rights Coordinator, 500 Patroon Creek Blvd., Albany, NY 12206, 1-844-391-4803 (TTY/TDD: 711), Fax (518) 641-3401. You can file a grievance by mail, fax, or electronically at <https://www.cdphp.com/customer-support/email-cdphp>. If you need help filing a grievance, the CDPHP Civil Rights Coordinator is available to help you. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019 (TDD 1-800-537-7697).

2024 Enhanced Drug Formulary

(Sample List of Covered Non-Part D Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN.**

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

This document includes a partial formulary as of February 7, 2024. This is not a complete list of Non-Part D drugs covered by the plan. For an up-to-date list, please contact the Pharmacy Customer Care Center at 1-866-289-2319. TTY users should call 711. A representative is available 24 hours a day, seven days a week. Last updated: 02/2024

The 2024 Enhanced Drug Formulary is applicable to the CDPHP® Medicare Advantage Group Drug Plans with five-tier enhanced prescription drug riders. Our plans, offered by the Capital District Physicians' Health Plan, Inc. and CDPHP Universal Benefits,® Inc. (referred to collectively herein as CDPHP), are health plans with a Medicare contract. Enrollment in CDPHP Medicare Advantage depends on contract renewal.

What Is The Enhanced Formulary?

The enhanced formulary includes additional coverage for select non-Part D prescription drugs in the following categories: drugs used for anorexia, weight loss, or weight gain; drugs used to promote fertility; drugs used for the symptomatic relief of cough or colds; prescription vitamins and mineral products; certain drugs when used for the treatment of sexual or erectile dysfunction; and certain drugs (labeled DESI drugs) identified by the FDA that lack substantial evidence of effectiveness and are subject by the FDA to a Notice of Opportunity for Hearing (NOOH). The enhanced formulary also includes coverage for several non-prescription, Over the Counter (OTC) drugs that are not covered under Part D.

Devices and drugs used for cosmetic purposes are not covered on this enhanced formulary.

Can The Enhanced Formulary Change?

The prescription drug categories covered on the enhanced formulary are reviewed by the CDPHP Pharmacy and Therapeutics (P&T) committee. The P&T committee's primary purpose is to ensure that the most clinically appropriate and cost-effective drugs will be available on the formulary. The tier of the drugs on the enhanced formulary may change as a result of the P&T meetings.

How Do I Use The Enhanced Formulary Drug List?

The following drug list is a sample of drugs covered on the enhanced formulary. This drug list is not inclusive nor does it guarantee coverage. For more information, please call the Pharmacy Customer Care Center.

CDPHP Medicare Advantage Group Drug Plans cover both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

The drugs are listed in alphabetical order. Brand-name drugs are capitalized (e.g., XENICAL) and generic drugs are listed in lower-case italics (e.g., *benzonatate*). The drug tier is listed to the right of each drug. If a restriction (PA, QL) applies to any of the drugs on the enhanced formulary drug list, this will be noted to the right of the tier information.

Please see your *Rider for Group Medicare Enhanced Pharmacy Coverage* for specific drug tier copayment/coinsurance, initial coverage limit, coverage gap, and/or deductible information.

If you do not see your non-Part D drug listed here, please call the Pharmacy Customer Care Center at 1-866-289-2319. TTY users should call 711. A representative is available 24 hours a day, seven days a week. Or, visit <http://www.cdphp.com>.

Are There Any Other Restrictions On Coverage?

Some drugs covered on the enhanced formulary may have additional requirements or limits on coverage. These requirements and limits may include:

Prior Authorization (PA): CDPHP Medicare Advantage Group Drug Plans require you to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, CDPHP Medicare Advantage Group Drug Plans may not cover the drug.

Quantity Limits (QL): For certain drugs, CDPHP Medicare Advantage Group Drug Plans limit the amount of the drug that will be covered.

You can ask CDPHP to make an exception to these restrictions or limits by having your physician submit a statement supporting your request. Generally, we must make our decision within 72 hours of your request.

For More Information

For more detailed information about your CDPHP Medicare Advantage Group Drug Plan enhanced prescription drug coverage, please review your *Evidence of Coverage, Rider for Group Medicare Enhanced Pharmacy Coverage*, and other plan materials.

If you have questions about your CDPHP Medicare Advantage Group Drug Plan, call the Pharmacy Customer Care Center at 1-866-289-2319. TTY users should call 711. A representative is available 24 hours a day, seven days a week. Or, visit <http://www.cdp.php.com>.
